No. of printed pages: 02

SARDAR PATEL UNIVERSITY
S.Y.B.C.A (3rd Semester) Examination 2025
US03CBCA27: System Analysis and Design

DATE: 8th October 2025, Wednesday

TIME: 02:00 P.M to 05:00 P.M

Total Marks: 70

Q:1 Multiple choice questions.

[10]

1. _____ technique is useful for collect numerical data.
a) Interviewing b) Questionnaires c) Record inspection d) Data input
2. _____ DFDs are more realistic and implementation oriented.
a) Physical b) Logical c) Physiological d) None of these
3. In _____ maintenance efforts will be constantly going on to perfect the system.
a) Adaptive b) Corrective c) Perfective d) None
4. Through _____ technique one can bring missed facts to the surface to improve the existing procedures.
a) Interviewing b) Questionnaires c) Record inspection d) Observation
5. _____ is not the fact finding technique.
a) Interviewing b) Questionnaires c) Record inspection d) Data Input
6. Generally Context level DFD contain _____ process.
a) One b) Two c) Three d) Four
7. _____ is considered as an output of the Structure Design.
a) Structured Specification b) New System
c) Packaged Design d) Feasibility Documents
8. System _____ is concern with the coordination of activities, job procedure and equipment utilization to achieve system goal.
a) Analysis b) Report c) Design d) Flow
9. The relationships that exist among the components and define the boundary between a system and its environment are called _____.
a) System b) Black box c) Subsystem d) Structure
10. The number of required iteration is _____ to be determine before Prototype finally accepted by the customer.
a) Certain b) Uncertain c) Bounded d) Unbounded

[P.T.O]

Q:2 Answer the following questions. (Any ten) [20]

1. Draw the model of Business System.
2. Differentiate (Compare) Conceptual and Physical system.
3. What is System? Give example of the system.
4. What do you mean by Structured Walk Through? List its types.
5. List Tangible and Intangible Benefits.
6. List steps of SSADM.
7. List types of Output.
8. When Questionnaires are useful?
9. List types of fact gathering techniques with its necessity for collecting information.
10. What are Physical DFDs and Logical DFDs?
11. Draw the Context level diagram for College Payroll System.
12. Draw and define the symbols used in DFDs.

Q:3 A. Discuss the characteristics of system in detail. [05]
B. Discuss knowledge and qualities expected from a good system analyst. [05]

OR

A. Write a detail note on Role of System Analyst. [05]
B. List the types of systems. Discuss any two of them in detail with example. [05]

Q:4 A. What is system maintenance? [05]
B. Discuss feasibility study with its need. [05]

OR

A. What are the reasons to adapt SSADM as SDLC? [05]
B. Write any two steps followed by SDLC in detail. [05]

Q:5 A. What is Data Capture? Explain basic steps for Data capturing. [05]
B. Write a note on Field Checks Validations. [05]

OR

A. Write a note on Interview Techniques. [05]
B. Write a note on Transaction Checks Validations. [05]

Q:6 A. What do you mean by DFDs? Explain thumb rules used to constructing DFDs. [10]
Also Discuss merits and demerits of DFDs.

OR

A. Draw Prototype Development Model. Discuss need, merits and demerits of prototyping in detail. [10]
