[3]

SARDAR PATEL UNIVERSITY
BCA (SEMESTER- 4) EXAMINATION August-2023
US04SBCA55 (System Security)

Date: 09-08-2023

Time: 10:00 a.m. to 12:00 p.m.

Wednesday

Marks: 50

Q. 1 Multiple Choice Questions

[10]

- 1 Attacks involve some modification of the data stream or the creation of a false stream.
a) Passive b) Active c) Threat d) None of these
- 2 _____ is the process that is designed to detect, prevent or recover from a security.
a) Security Service b) Security Mechanism c) Security Attack d) Attack
- 3 Cryptography is also known as _____.
a) Secret writing b) Stream writing c) Plain text writing d) None of these.
- 4 _____ is the original message or data that is fed into the algorithm as input.
a) Encryption algorithm b) Plaintext c) Secret key d) Cipher text
- 5 _____ is a piece of software that can “infect” other programs by modifying them
a) Virus b) Logic bomb c) Backdoors d) Worms
- 6 _____ is code embedded in some legal program that is set to “explode” when certain conditions are met.
a) Worms b) Back doors c) Logic bomb d) Virus
- 7 _____ Controls access to a service according to which user is attempting to access it.
a) Direction control b) Service control c) Behavior control d) User control
- 8 A _____ firewall filters at the application layer.
a) Circuit-level b) Packet-filter c) Proxy d) Host-Based
- 9 The process of attempting to discover the plaintext or key is known as _____.
a) Cryptanalysis b) Cryptography c) Secrete key d) none
- 10 Traffic analysis is the type of _____ attack.
a) Passive b) Active c) Service d) None of these

Q. 2 Short Question (Any EIGHT)

[16]

- 1 Explain active Attacks in short.
- 2 What is Threat & Attack?
- 3 Explain passive Attacks in short.
- 4 Explain use of Public-key and private-key.
- 5 What is Cryptanalysis? Explain in short.
- 6 Define Plaintext and Cipher text.
- 7 What is Email-virus?
- 8 Explain any two Antivirus Approaches.
- 9 Explain VPN (Virtual Private Network) Network in short.
- 10 What is Firewall? List types of it.

- Q. 3 Explain Computer Security Concept. [6]
OR
Q. 3 Explain Model for Network Security in Detail [6]
- Q. 4 What is Cryptography? Explain in detail. [6]
OR
Q. 4 Explain Encryption principles in detail. [6]
- Q. 5 Explain Antivirus approaches in detail [6]
OR
Q. 5 Explain Classification (Types) of viruses in detail. [6]
- Q. 6 Explain Digital Signature in detail. [6]
OR
Q. 6 Explain types of Firewall in detail. [6]
