SARDAR PATEL UNIVERSITY

B.C.A. (SEMESTER- V)

US05CBCA51: Object Oriented Programming - III

Time: 10.00 AM – 01.00 PM

No. of Pages: 2

Marks: 70

Q-1 Select the correct option from the following questions. (10)

- 1) The JDBC _____ class defines objects which can connect Java application to a JDBC driver.
(a) Statement (b) DriverManager (c) ResultSet (d) SQLManager
- 2) List is the child interface of _____.
(a) ArrayList (b) LinkedList (c) Collection (d) Vector
- 3) Which of the following is not a component of JDBC API?
(a) Statement (b) DriverManager (c) Connection (d) Transaction
- 4) What is javax.servlet.Servlet?
(a) Interface (b) abstract class (c) concrete class (d) None of These
- 5) Which of the following code retrieves the Internet Protocol(IP) address of the client That sent the request?
(a) response.getRemoteAddr () (b) request.getRemoteAddr ()
(c) header.getRemoteAddr () (d) None of These
- 6) Which http method send by the browser that asks the server to get the page only?
(a) get (b) post (c) option (d) put
- 7) Which is not a directive?
(a) Page (b) Export (c) Include (d) Taglib
- 8) Which is not the method defined in class Thread?
(a) run () (b) start () (c) wait () (d) stop ()
- 9) Which method restart the thread?
(a) start () (b) restartThread () (c) restart () (d) None of These
- 10) Min and Max priority of thread in java multithreading are _____.
(a) 1 , 10 (b) 0 , 10 (c) 1 , 256 (d) 0 , 255

Q-2 Short Questions (Attempt any Ten) (20)

- 1) Write any two differences between ArrayList and Vector.
- 2) Write down the syntax or example to open a connection.
- 3) Differentiate executeQuery () and executeUpdate ().
- 4) Explain getServletInfo () method in brief.
- 5) Draw the web based architecture.
- 6) Explain init () method in short.

C.P.T.O.)

- 7) Write a note on JSP Scriptlets.
- 8) How to declare variables and methods in JSP? Explain with syntax.
- 9) Draw the structure of JSP Life Cycle.
- 10) What is Java Thread?
- 11) Write down Thread characteristics.
- 12) What is Thread Scheduling?

Q-3 A Explain types of JDBC Driver in detail. (05)

B Explain Wrapper Class? Also discuss autoboxing and unboxing. (05)

OR

Q-3 A What is iterator interface? Explain way to iterate elements of collection in Java. (05)

B Explain Statement object and ResultSet object. (05)

Q-4 A Explain Cookies in Servlet with example. (05)

B Explain Servlet in brief and write a note on advantages of web based applications. (05)

OR

Q-4 A Explain Servlet Life Cycle in detail with diagram. (05)

B Explain Servlet response and requests methods in detail. (05)

Q-5 A Explain Life cycle of JSP with one example. (05)

B What is JSP? What are the advantages of JSP? Explain. (05)

OR

Q-5 A Write a note on JSP Page directives in detail. (05)

B Write a note on JSP components in detail. (05)

Q-6 A List Thread methods and explain any five. (05)

B Explain Thread creation in Java with proper example. (05)

OR

Q-6 A Draw Life Cycle of a Thread and explain in detail. (05)

B Explain Thread synchronization and how to implement synchronization with example (05)
