- viii. _____ function is used to display output on screen.
(A) write() (C) A and B both
(B) print() (D) None of these

Q1.

[B] Do As Directed

[16]

- i. Python is an open-source programming language. [True / False]
- ii. For multiline comment in python user can add @ sign before each line of code. [True / False]
- iii. Sets cannot have two items with the same value. [True / False]
- iv. To create a tuple, it is also possible to use tuple() constructor. [True / False]
- v. Strings in python are surrounded by either single quotation marks, or double quotation marks. [True / False]
- vi. How to create empty list?
- vii. What is Polymorphism?
- viii. What is use of len()?

CP.T.O.)

- ix. What is use of join()?
- x. Tkinter is the standard GUI library for Python. [True / False]
- xi. What is text sequence type?
- xii. What is class?
- xiii. What is Module?
- xiv. What is use of import keyword?
- xv. Give name of function to count number of table rows retrieved.
- xvi. What is MySQL?

Q2. Answer the following questions (Any Seven):

[14]

- a. List characteristics of Python.
- b. Explain: type() with example.
- c. List data type constructors.
- d. What is **tuple**? Give an example.
- e. Give example to reverse the list.
- f. List tuple methods.
- g. What is use of **def** keyword in Python?
- h. What is Constructor in Python?
- i. How to create database in MySQL using Python?

Q3. Write a detailed note of list in Python.

[8]

OR

Q3. Write Python program to read N number of numeric values through keyboard, add them to a list variable, and display average of all N numbers.

[8]

Q4. Explain set in Python with examples.

[8]

OR

Q4. Write in detail about range().

[8]

Q5. What is Inheritance? Explain ANY THREE types of Inheritance taking suitable examples.

[8]

OR

Q5. What is user-defined function? Explain it taking suitable example.

[8]

Q6. What is File Handling? Which are different modes of operations, explain them taking suitable examples.

[8]

OR

Q6. Explain how to connect with MySQL database with example.
