M.Sc. IT || SEMESTER I || EXTERNAL EXAMINATION

PS01CINT25: SYSTEM ANALYSIS & DESIGN

Date: 26/11/2019, Tuesday

Time: 10:00 AM – 01:00 PM

Total Marks: [70]

Q.1 Choose the most appropriate option for each question.

[08]

1. _____ assists managers in decision making and problem solving.
A. MIS B. DSS C. TPS D. EIS
2. Generally, _____ start as a programmer and then become a system analyst.
A. Designer B. Analyst C. Programmer D. None of these
3. _____ can look for information communication channels.
A. Observation B. Record Review C. Questionnaires D. Interviewing
4. _____ is a repository of all data related to system.
A. Constant B. Integrated Tools C. Case Tools D. None of these
5. DSS works at which level?
A. Operational B. Tactical C. Strategic D. None of these
6. _____ is a graphical representation of data movement, process and files.
A. Data Dictionary B. DFD C. Decision Table D. None of these
7. Which tool automates the preparation of computer software?
A. Diagramming Tools B. Code Generator
C. Interface Generator D. Management Tools
8. _____ is not a fact finding technique.
A. Interviewing B. Questionnaires C. Record inspection D. Data input

Q.2 Answer the following questions in short. [Any Seven]

[14]

1. Explain Data Pyramid.
2. Define TPS. Give an example of it.
3. Draw basic structure of decision tree.
4. What is SDLC? List the steps of SDLC.
5. Define System Analysis.
6. Explain Data Dictionary.
7. Explain Application and Screen Generators.
8. List methods of time estimation. Explain any one in brief.
9. Explain site preparation.

Q.3 Answer the following questions in detail.**[A].** Explain System Analyst Role, work and attributes.

[06]

[B]. Explain DSS and MIS in detail.

[06]

OR

[B]. Define Information System. Explain basic components of Information System.

[06]

Q.4 Answer the following questions in detail.**[A].** What is SDLC? Explain various stages of SDLC in detail.

[06]

[B]. What are the fact finding techniques? Explain Questioner.

[06]

OR

[B]. List and discuss front-end and back-end tools.

[06]

①

(P.T.O.)

Q.5 Answer the following questions in detail.

[A]. What is Prototype? Explain Application prototyping in detail. [06]

[B]. Explain case tools in detail. Also write benefits of using case tools. [06]

OR

[B]. Draw context level DFD and 0-level DFD for college payroll system. [06]

Q.6 Answer the following questions in detail.

[A]. Define Conversion. Discuss various methods of conversion. [06]

[B]. Explain design of input and output. [06]

OR

[B]. What is training? Explain all methods of training. [06]
